

# African Journal of Root and Tuber Crops

Volume 1 No. 2: 1-43. August 1996. ISSN 1118-2075

No	Title	Authors
1	Effects of time of introducing castor oil plant and fertilizer (N.P.K. 15-15-15) application on the yields of castor/cassava intercrop	R.A.E. Ugbaja & C.P.E. Omaliko
2	Plant-parasitic nematode pests of root and tuber crops in Masindi district of Uganda	D.L. Coyne & J.M. Namaganda
3	Use of regression analysis to assess cassava performance in Cameroon	J.M. Ngeve
4	Experimental determination of thermal diffusivity of yam ( <i>Dioscorea</i> spp.) tuber tissue	S.E. Obetta & G.O.I. Ezeike
5	Effect of different media on germination and seedling vigor of true seeds of <i>Dioscorea rotundata</i> cv. "Obia-Oturugo"	R.A.E. Ugbaja
6	Performance of whole- and cut-sets of white yam for ware yam production in southeastern Nigeria	C.L.A. Asadu & F.O.R. Akamigbo
7	Determination of some yam tuber properties relevant to the design of mechanical harvesters	E.A. Aiyelari & M.O. Akoroda
8	Complementary effect of N.P.K. fertilizer and mulch on the growth and yield of irrigated ginger ( <i>Zingiber officinale</i> Rosc.)	G.O. Chukwu & P.S.N. Onyekwere
9	Cohesiveness of native cassava starch pastes: effect of fermentation	F.A. Numfor & W.M. Walter (Jr.)
10	Optimized conditions for reproducible DNA amplification fingerprinting of sweet potato ( <i>Ipomoes batatas</i> L.)	G. He, C.S. Prakash, S. Tuzun & J. Qiu
11	Pests and pathogens of yams in storage	K.R. Green & D.A. Florini
12	Yam and cassava productions as income-generating activities for households	B.O. Ugwu

<b>Pages</b>	<b>Crop</b>
1-4	Castor/Cassava
4-7	Root and tuber
8-11	Cassava
12-15	Yam
16-18	Cassava
18-23	White yam
23-26	Yam
26-29	Ginger
29-32	Cassava
33-37	Sweet potato
38-42	Yam
43	Yam and cassava
